ABOUT THE UNIVERSITY

History and Establishment Nanjing Medical University was founded in 1934 in Zhenjiang before relocating to Nanjing, the capital city of Jiangsu Province. As a public institution, it holds the status of a key university in Jiangsu Province, co-sponsored by the Ministry of Education, the National Health and Family Planning Commission, and the Jiangsu Provincial Government. With over nine decades of academic tradition, the university has evolved into a prominent center for medical education and research in China. The institution occupies two campuses spanning 87 hectares, providing ample space for academic facilities, research centers, and student accommodations. The university's address is 101 Longmian Avenue, Jiangning District, Nanjing 211166, P.R....
