ABOUT THE UNIVERSITY

University Overview: Nanjing Medical University Nanjing Medical University is one of China's premier medical institutions, offering Indian students a pathway to quality medical education at a fraction of the cost compared to private colleges in India. Established in 1934 in Zhenjiang and later relocated to Nanjing in 1957, this public university has built a reputation spanning nearly nine decades in medical education, research, and healthcare delivery. Historical Foundation and Mission Founded during a period of significant transformation in Chinese medical education, Nanjing Medical University began its path in Zhenjiang before establishing its permanent home in Nanjing, the capital of Jiangsu Province. The institution operates under the...
