

# University of the Philippines Manila

Manila, Philippines • Established 1905 • Government

## ABOUT THE UNIVERSITY

The University of the Philippines Manila (UP Manila) is a constituent university of the University of the Philippines system. It is the country's premier institution for health sciences education and research. UP Manila is composed of several constituent colleges, including the College of Medicine, College of Public Health, and College of Nursing, among others. It is renowned for its rigorous academic programs and its commitment to serving the Filipino people through health and science. The university plays a crucial role in advancing medical knowledge and addressing public health challenges in the Philippines.
